

**Urban Land Institute (ULI) Technical Assistance Study for the North
Capital Main Street Business Corridor -- Wednesday, 7/8/2009**

ULI in Action

The Friends of J.O. Wilson Elementary School (JOWES), a volunteer organization, sought to transform the schoolyard into a safe and educational environment for the students as well as a welcoming gathering place for the community. Recognizing the challenge of undertaking such a

Join North Capital Main Street, Inc. (NCMS) and the Urban Land Institute (ULI) to Improve the North Capital Main Street Business Corridor

NCMS invites you to be a part of the ULI Technical Assistance Study for the North Capital Main Street business corridor. Come and discuss corridor issues with a panel of professionals selected by the ULI of Washington, D.C.

With your help, the panelists will make tangible recommendations to improve our North Capitol Street area including:

- **Ways to deal with vacant properties and increase the attractiveness and walk-ability of the corridor**
- **Identification of the corridor's niche market and**
- **Approaches to garner meaningful returns on local property investments**

DATE: Wednesday, July 8, 2009
TIME: 5:00 PM-6:00PM
LOCATION: North Capitol Main Street, Inc.
1703 North Capitol Street, NE
Washington, D.C. 20002

large revitalization project, the Friends of JOWES reached out to ULI Washington to help them initiate the process through a Technical Assistance Panel (TAP). The TAP provided detailed recommendations in the areas of planning, design, and implementation, including identifying potential sources of funding.
